REMARKS

The prior Amendment which filed yesterday by facsimile accepted the indications of the Examiner during a telephone interview of what claims need to be cancelled in order to gain allowance. The claims to be cancelled and those depending therefrom were placed in dependent form under claims that were allowed. By this Supplemental Amendment, claims 46, 49, 51, 54, 65, 73, 95, 109, 111, 120, 122 and 129 have been placed in independent form.

As all claims rejected have been amended to include allowable subject matter, a notice of allowance is earnestly solicited.

Respectfully submitted,

April 18, 2005
